JIRA Dashboard

The screenshot shows the JIRA Default dashboard. At the top, there's a navigation bar with 'Jira Software', 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', 'Apps', and a 'Create' button. A search bar is on the right. Below the navigation bar, the dashboard is divided into four main sections:

- Introduction:** A welcome message 'Welcome to Jira' with a sub-header 'Not sure where to start? Check out the Jira 101 guide and Atlassian training course. You can customise this text in the Administration section.' It includes an illustration of people working on a screen and a 'Just now' timestamp.
- Assigned to Me:** A section stating 'You currently have no issues assigned to you. Enjoy your day!' with a 'Just now' timestamp.
- Projects:** A section showing a list of projects. The first project is 'RecipeManager (REC)' with a lead 'Malleswari Ravi'. It shows '1-1 of 1' projects and a 'Just now' timestamp.
- Activity Streams:** A section titled 'Your Company JIRA' showing a list of recent activity. The first activity is 'Malleswari Ravi changed the status to Done on REC-20 - Design the Usecase diagrams and Documentation with a resolution of 'Done'' 2 minutes ago. Other activities follow, all showing status changes to 'Done' or 'In Progress' for various issues. A 'Show more...' link is at the bottom, and the timestamp is 'Just now'.

EPIC Level

- Dietician

The screenshot shows the JIRA project page for 'Dietician Actions' under the 'RecipeManager' project. The page has a left sidebar with navigation options like 'Roadmap', 'Backlog', 'Board', 'Code', 'Project pages', 'Add shortcut', and 'Project settings'. The main content area shows the project name 'Dietician Actions' and a description 'Stories about dieticians actions'. Below this is a list of 'Child issues' with a progress bar indicating '100% Done'. The issues are listed with their IDs and descriptions:

- REC-4 Create a model for recipe
- REC-2 Create a model for ingredient
- REC-4 Create a model for ingredientpool
- REC-3 Create a model for Recipepool
- REC-5 Create an interface for dietician
- REC-6 Create a method to view the recipes
- REC-7 Create a recipe method
- REC-9 Create a method to delete the recipe
- REC-13 Create a method to edit the recipe

Each issue has a status icon (a green circle with a white checkmark) and a 'DONE' label. To the right of the list is a 'Details' panel with fields for 'Assignee' (Unassigned), 'Labels' (None), 'Start date' (None), 'Due date' (None), and 'Reporter' (Malleswari Ravi). At the bottom right, there's a 'Quickstart' button.

User Actions

 Attach  Add a child issue  Link issue ...

Description

As a User, I want the user interface and menus should be navigated and user friendly without any issues. So that end user can access them easily.
